Gießen, 15. Mar 2023

Dear Christine,

I would like to nominate Jürg Barben from Switzerland as a member of the ECFS Board.

Jürg Barben is a well-known pediatric pulmonologist leading the CF-center in St. Gallen/Switzerland. As active member of the ECFS-DNWWG and as chair of the Newborn Screening group he is internationally engaged. His commitment and contribution to the international collaboration are highly appreciated. His independency and critical discussions are well-known characteristics of Jürg Barben. The ECFS-Board and the community will benefit from his election and active contribution.

Prof. Lutz Nährlich

13th March 2023

Dear Christine,

I would like to nominate Professor Jürg Barben as a member of the ECFS Board.

His work as lead clinician in a busy CF centre and his contribution to numerous European projects make him an ideal candidate.

Most importantly he has a global perspective and works with no influence from the pharmaceutical industry.

Yours sincerely,

Kevin W Southern
Professor of Child Health
