

NURSING INVOLVEMENT IN EDUCATION AND RESEARCH

NICHOLA MACDUFF

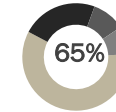

**WHAT ARE THE
OBSTACLES?**

2 in 3
Nurses think you
need to be an
academic to engage
in research

Money

feel that there
needs to be more
evidence to back
clinical practice

65%

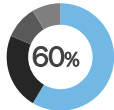

Say there is no time to
teach or do research

Knowledge

31%

Would like to
develop
research skills

Have an
idea for a
research
project

45%

Of nurses don't
believe they have
enough
knowledge to
teach

Time

Would like to try to do
collaborative research as
part of their clinical
practice

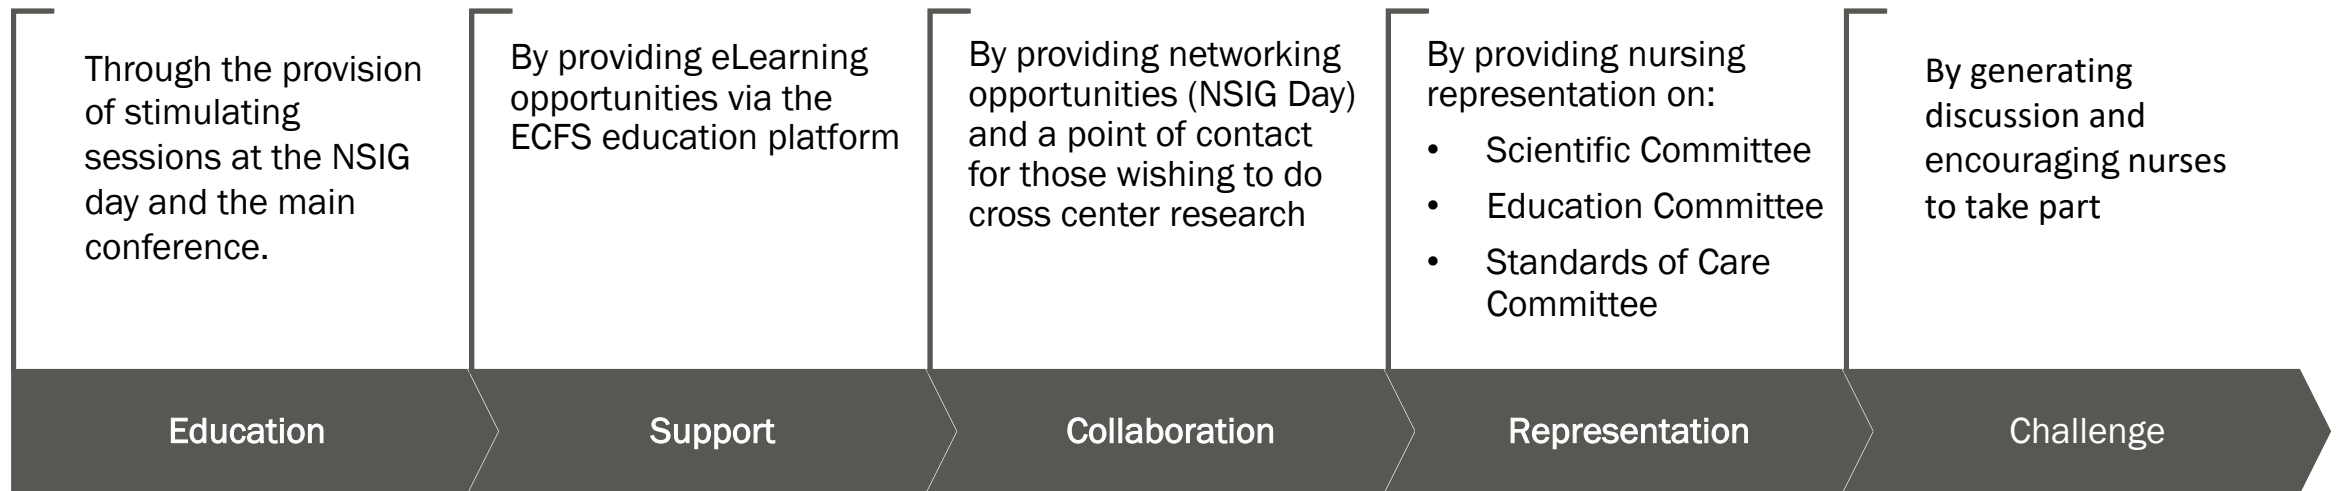

The biggest
obstacles in our
lives are the
barriers our
mind creates.

WWW.LIVELIFEHAPPY.COM

HOW DO WE OVERCOME THEM?

Work together
analyse
Don't compare your progress to others
Identify a problem and think about the solution
Do it!
Start small
Take some online courses
Persevere
Get help from more experienced researchers
Don't take no for an answer
Read good pieces of research
