

European Cystic Fibrosis Society

Cystic Fibrosis Diagnostic Network Working Group Meeting

10<sup>th</sup> - 11<sup>th</sup> February 2012

Piazzale Stefani 1, Ospedale Civile Maggiore, Verona

## **Friday 10th**

09.00-09.15

Welcome

*Carlo Castellani (I)*

Opening

*Michael Wilschanski (IL)*

### FIRST SESSION

CHAIR MICHAEL WILSCHANSKI

09.15-10.00

CFTR-related metabolic syndrome

*Drucy Borowitz (USA)*

10.00-10.30

Equivocal Diagnosis after Newborn Screening; the European Consensus

*Sarah Mayell (UK)*

10.30-11.00

Discussion

11.00-11.30

Coffee Break

### SECOND SESSION

CHAIR CARLO CASTELLANI

11.30-12.00

The challenges of measuring immuno-reactive trypsinogen as a screening tool

*Kevin Southern (UK)*

12.00-12.15

Young Investigator talk

Spectrum of *CFTR* mutations in Polish CF patients  
*Norek A (PL)*

12.15-12.45

Discussion

12.45-14.15

Lunch

### THIRD SESSION

CHAIR INEZ BRONSVELD

14.15-14.30

First German and Dutch ICM SOP validation data

*Nico Derichs (D)*

14.30-14.45

Pharmacological dissection of *CFTR* vs *TMEM16*/anoctamin-mediated chloride secretion in ICM

*Hugo de Jonge (NL)*

14.45-15.00

Discussion

15.00-15.15

Young Investigator talk

What improves NPD repeatability: measuring over a large surface area, at a fixed position or both?

*F. Vermeulen (B)*

15.15-15.30

Young Investigator talk

Correlation between mutation type and outcome of *CFTR* function tests; ICM, NPD and sweat test

*BL Aalbers (NL)*

15.30-15.45

Discussion

15.45-16.15

Coffee Break

FOURTH SESSION

CHAIR NICO DERICHS

16.15-16.30

Young Investigator talk

Sweat Testing: Recommendations for the performance and Interpretation of Results of the Italian Cystic Fibrosis Society

*Cirilli N(I)*

16.30-16.45

Discussion

**16.45-17.15**

CFTR expression and function in human leukocytes

*Paola Melotti (I)*

17.15-17.30

Discussion

**Saturday 11<sup>th</sup>**

**FIFTH SESSION**

**CHAIR MICHAEL WILSCHANSKI**

09.00-09.30

Overview of the DNWG projects for the next years

*Michael Wilschanski (IL)*

09.30-10.00

Trends of CF diagnosis around Europe

*Carlo Castellani (I)*

10.00-10.30

Discussion

10.30-11.00

Coffee Break

**SIXTH SESSION**

**CHAIR MICHAEL WILSCHANSKI**

11.00-11.15

Multicenter Clinical Evaluation of a new device (ISEsweat) for the direct measurement of sweat chloride concentration for the diagnosis of Cystic Fibrosis

*R Camero (SP)*

11.15-11.30

Discussion

11.30-12.00

Update from down under

*Peter Middleton (Au)*

12.00-12.30

Recommendations for the classification of diseases as CFTR-related disorders.

*Cristina Bombieri (I)*

12.30-13.00

Discussion

13.00

Farewell
